

Lesson Plan: Modern Technology
Target Level: Advanced
Materials Needed: Video; www.youtube.com/watch?v=5R1snVxGNVs

<i>Time</i>	<i>Stage</i>	<i>Target Language</i>	<i>Activity</i>
1-3 min.	Warm up/Review Review familiar vocabulary from previous lessons to warm students up	-Computer -Laptop -Smartphone -Tablet -iPod	Ask one student to come to front of class and give them a picture of a piece of technology. Student must describe the picture without saying the word and classmates must guess what it is.
15-20 min.	Process:		
5-10 min.	Intro Introduce the topic and new vocabulary in the simplest form	-Advantage -Disadvantage -To interact -To isolate -Innovation -Convenience -Job loss	Introduce the new words and ask students to repeat
5-7 min.	Context Introduce the target sentence to put vocab in context	'In my view...' 'It could be argued that...' 'This supports the idea that...' 'It would seem that...'	Introduce the sentences, asking students to repeat Write advantage/disadvantage in the board and give each student a statement e.g. 'social media allows you to connect with people all over the world' Students must decide which side of the board their statement belongs on and read out
5-10 min.	Practice A topic based task for students to practice language		Write out opinion cards and hand each student 5 cards at random. Ensure everyone understands their cards Students should keep the cards with an opinion they agree with and speak to their classmates to pass on the cards they do not agree with Once students have finished, go around the class asking students to reveal their cards and say why they support this opinion and ask if other students agree/disagree and why

3-5 min.	Assessment Test understanding of the class as a whole		Watch the Google Glasses video; www.youtube.com/watch?v=5R1snVxGNVs Discuss as a class what the main advantages and disadvantages of the Google Glasses are
3-5 min.	Cool Down A fun, calming activity to wrap up lesson. Reward good behaviour.		Ask a series of wrap up questions about advantages/disadvantages of certain technology. Students put their hands up to answer.
